isn't it? In other words most of the other states are under this interpretation the way this is written, all he has to do is find one thing that he doesn't approve of that the company has done, and let us pick General Motors...

SPEAKER LUEDTKE: One minute Senator DeCamp.

SENATOR DE CAMP: General Motors and he can stop the sale for example of all General Motors stock over the stock exchanges in the State of Nebraska.

SENATOR MURPHY: No sir John, I think that that...

SENATOR DE CAMP: Where in other states it has to be pervasive.

SENATOR MURPHY: Senator DeCamp if I may, this is the language that was required by the other attorney there, or requested that brings it into conformity with the Uniform Securities Act that has been adopted in 30 other states. So, I would say that this language is not that of Mr. Lake at 22 and that is an awfully young attorney, but then it makes your point, but it does not make mine. But, this is not the case now. This is the language that was requested by the other person who appeared at that hearing and I asked him specifically in person about three days ago if this was what he wanted, he said that it was.

SENATOR DE CAMP: Okay, I think that my time is probably up.

SPEAKER LUEDTKE: Your time has gone. That is all the...so Senator Marsh.

SENATOR MARSH: Mr. Speaker the Committee on Committees had a meeting called for twelve noon and all the individuals are there. I would ask that the Committee on Committee members be excused to go to our public hearing.

SPEAKER LUEDTKE: You say they are there now?

SENATOR MARSH: Yes, they are all there and waiting, and have been for 15 minutes.

SPEAKER LUEDTKE: I would say that the Committee on Committee members are excused. This is...Senator Murphy is closing now on....

SENATOR MURPHY: Mr. Speaker if this is going to be the case, I would ask that we take this up immediately after lunch.

SPEAKER LUEDTKE: The Chair would like to get this matter resolved so that we can get to appropriations after lunch.

SENATOR MURPHY: The problem with people gone is not very convenient.

SPEAKER LUEDTKE: We have only five...you are closing now and there is only five minutes left and we can get this resolved. So, why should we hold it over until lunch?

SENATOR MURPHY: Because my first motion no doubt will be a Call of the House, sir.
